Sponsoring

WELCOME

THANK YOU VERY MUCH FOR
YOUR INTEREST IN MOTORCYCLE
RACING AND THE ASSOCIATED
SPONSORSHIP

The focus of my racing season in 2024 is on the IBPM (International Bike Promotion Championship) in the SSP 600cc class with the clear goal of defending this year's championship title. To achieve this goal, I rely on your support.

”

Speed and technology. Responsiveness and mental strength. The interaction of man and machine. Team spirit and the racing atmosphere. The scent of gasoline and the noise of engines.

HERE IS MUCH THAT MAKES MOTORCYCLE RACING SO FASCINATING!

This sport just doesn't let me go either – the fascination for motorcycles has been with me since I was three years old. Back then, I could make my first motorcycle experiences on a Yamaha PW-50. In 2021, I had the opportunity to get on my father's Yamaha R6 for the first time. It captivated me. But it's not just the riding experience; the technology has fascinated me since my childhood. I've inherited a lot of technical know-how and a passion for racing from my father.
